Top Skills

Machine Learning
Full-Stack Development
Python

Languages

English (Full Professional)
Tamil (Native or Bilingual)
Hindi (Limited Working)

Certifications

Web Development Workshop IIT
Madras
Deep Learning Specialization
Data Science, Deep Learning, &
Machine Learning with Python
AWS Serverless APIs & Apps - A
Complete Introduction
Kali Linux ,Ethical Hacking and
Penetration Testing

Honors-Awards

#1 Prize in MadurAI Hackathon
conducted by Guvi Technologies and
HCL Technologies.
#1 Prize in IBM Trusted AI
Hackathon at IIT Madras

Sai Adarsh S

SDE Intern - @FourSteps | Former Research Intern @IIITDM |
KWoC '18 | NWoC '18 | SIG - Kubernetes @CNCF
Coimbatore, Tamil Nadu, India

Summary

Machine Learning. Full Stack. Python. Node.js. Containers. Android.
ionic4. Computer Vision. SDE Intern - @FourSteps Research Intern -
IIITDM. KWoC '18. NWoC '18. SIG K8s @CNCF.

Experience

CNCF [Cloud Native Computing Foundation]
SIG: Kubernetes
December 2018 - Present

Appendly
Co-Founder
October 2017 - Present
Coimbatore Area, India

Foursteps Training Solutions
Software Engineering Intern
December 2018 - Present
Chennai, Tamil Nadu, India

Kharagpur Open Source Society
Kharagpur Winter of Code 2018
December 2018 - January 2019 (2 months)
IIT Kharagpur

NJACK, IIT Patna
Njack Winter of Code 2018
October 2018 - January 2019 (4 months)
IIT Patna

worked under python, Node.JS, React Js, Django, Java, APIs, Flask, openCV

Google Developers Group
Member

July 2017 - September 2018 (1 year 3 months)

Coimbatore, Tamil Nadu, India

GDG Coimbatore is a Coimbatore-based non-profit developers group to learn, share and know more about technologies. The industry is growing like never before, and we're trying to push the community forward to keep up with the industry. We are constantly trying to push ourselves to bring the best of technology to you through sessions and unlimited resources. And this is just the beginning. We have a common channel to communicate with our community members.

Indian Institute of Information Technology Design & Manufacturing Kancheepuram

Summer Research Intern

May 2018 - June 2018 (2 months)

Chennai Area, India

Worked at IIITDM as a summer research intern under Dr Masilamani (alumni of IIT Madras and & IIT KGP) under machine learning, digital image processing with python attended a workshop on digital image processing conducted by IIITDM and centre of computer vision. I worked under various domains such as OpenCV, python, convolutional neural networks, advanced regression models, deploying the models to production using web frameworks such as Django, flask. making production-ready models using docker and deploying them in cloud services such as AWS, GCP, Azure, Heroku

Microsoft Student Chapter

Student Ambassador

October 2017 - October 2017 (1 month)

Coimbatore, Tamil Nadu, India

International Microsoft Association for Practicing Architects

Education

Coimbatore Institute of Technology

Master's degree, Computer Software Engineering · (2017 - 2022)

TVS Matric Higher Secondary School

Mathematics and Computer Science · (2005 - 2017)
